

Year 1 Spring 2024

ANIMAL ALLSORTS

Our theme this half-term is 'Animal Allsorts' and it is focused on the features and classifications of animals.

Here are your the home learning tasks for you to complete during the next 5 weeks. They are mostly related to our current theme and will give you an opportunity to explore and enrich the learning we do in school. We would love you to share your work with us by bringing it into school or by sharing photos, videos or activities using Class Dojo by each Monday.

How to look after a pet.

If you have a pet, tell us all about it. Write a fact file telling us what it is and how you look after it. If you don't have a pet, write about one you know about or would like to have.

Create a zoo.

Which animals would you like to have in your zoo? Draw a map of a zoo showing where all the animals would be.

Mixed up animal booklet.

Using the template from Mr Hill, make your own mixed-up animal booklet based on the story of 'The Mixed up Chameleon.'

Animal spotters.

What animals do you see in your garden, on your walk to school etc? Use a search engine such as Google, or information books if you have them, to find out what they eat. Are they carnivores, herbivores or omnivores?

Mega Mathematicians.

How many different ways can you make the numbers below? Use objects or counters to help you.

20 14 11 16

What day is it today?

Practise saying the days of the week in order. Once you can do this, practise copying them or spelling them.

Amazing artists.

We are looking at colour mixing in art so use red, yellow and blue felt tips/ crayons/ paint to draw a picture. Mix the primary colours red, yellow and blue to make secondary colours.
